

Dealership Management System for Claas Dealers

JOIN THE SUCCESSFUL CLAAS DEALERS USING ASPEN!

ASPEN is a complete dealership management system for Claas dealers:

- Accounting, Customers, Service and Inventory Management
- Integrated CRM
- Customer Portal
- Rental Fleet Management and Utilization Reporting
- Mobile Service Tracking
- Mobile Applications/Remote Access
- Fast Electronic Transactions with Claas
- Claas Price Updates

FAST TRANSACTIONS with CLAAS from a POWERFUL DEALERSHIP SYSTEM

Charter works closely with CLAAS to provide their dealers with functionality necessary to easily perform daily transactions with Claas from the ASPEN system. This integration allows Claas dealers to streamline work flow, help eliminate errors and be more competitive.

For a price value, ASPEN is a no brainer — and employees like it. It is constantly evolving to fill dealers' needs. The templates for equipment save me a ton of time. When we get a shipment in — I just enter them into inventory using the templates.

Mark Friedrichs, General Manager, Hawke Ag & Co.

Business Tools to Increase CLAAS Dealers' Profits

ASPEN's CLAAS Communications Interface saves dealers hours otherwise spent in parts lookup, order processing, and re-keying data!

UPLOAD PARTS
INVENTORY TO CLAAS LOCATOR

IMPORT QUOTED UNITS FROM
KONFIGURATOR INTO ASPEN
QUOTE

Charter Software provides the following integration with the
ASPEN CLAAS Communications Interface:

- Transfer parts orders to CLAAS
- Upload parts to CLAAS Locator
- Import a quoted unit from the CLAAS Konfigurator website into an ASPEN quote.

Track Mobile Service with ASPEN's Alternate Stocking Locations Feature

- Set stocking levels on regularly stocked mobile parts
- Track parts volume and labor
- Replenish using a parts list, based Track parts volume and labor, set a special parts price group for your ASL
- Report parts allocated to the ASL but never applied to a work order
- Check availability of parts on the ASL from within ASPEN or by using A.I.M.
- Pull in physical count numbers into an ASL to record differentials and shrinkage
- Pull parts from a pick list into the ASL Transaction screen to apply to work order

Price updates, rental module, ASL, A.I.M. and EPC and the CLAAS Communication Interface are optional add-ons to ASPEN and incur additional licensing fees. The CLAAS name and logo are properties of CLAAS. Charter Software Inc. is not affiliated with CLAAS.
